

APPLICATION FOR WAIVER OF AUTHOR FEES

Medires Publishing LLC charges Article Processing Fees (APF) for articles that are accepted for publication in the journal. The APF is \$1999.00 USD, which includes up to four black & white published pages. An APC of \$150.00 USD per black & white page will apply for each additional published page over four pages. The APF and APC will apply to all manuscripts including original articles, review articles, case reports, practice guidelines and consensus statements, short communications, perspectives in journal articles, and non-solicited commentaries. Letters to the editor, short communications, invited commentaries, and editorials are exempt from paying this fee; the fee will automatically be waived and it is not necessary to submit this waiver form. For supplemental material submitted to accompany an article for online-only publication, the author will be charged a fee of \$500.00 USD per file, which will be invoiced with the APCs.

If an author is unable to support the APF, it is his or her responsibility to inform Medires Publishing LLC by completing and returning this application for waiver form for our consideration, after his or her manuscript has been submitted to the journal. Given the number of high-quality submissions and the associated production costs, we are only able to grant a limited number of author fee waivers and discounts, with priority given to students and residents.

IMPORTANT NOTE: Waiver application forms must be received within four weeks of the manuscript submission date. Requests received after this date will NOT be considered.

We ask that you complete the information below and send it to the corresponding Editorial Office, for review and consideration. We will contact you by e-mail with our decision within 2-4 weeks. Please send this application form by e-mail. For contact details, please see the bottom of form.
